VII. LOCAL RATES AND CHARGES

1. **RATES AND CHARGES:** The following usage rates will apply to all outgoing direct-dialed calls placed to Stations within the caller's local exchange area, as defined herein. Per minute rates are applied on a per minute basis. If the computed per minute charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent at or above \$0.01. Pricing programs apply for each Local service pursuant to Customer's written agreement.

The following monthly recurring charges, per minute charges, non recurring charges and operator assisted charges apply. Footnotes in the chart are explained below the chart.

The charts contain columns for various pricing programs, including Verizon Business Services I (VBSI), Verizon Business Services II for circuits or services installed prior to July 1, 2007 (VBS II Pre July 1, 2007), Verizon Business Services II for circuits or services installed on or after July 1, 2007 (VBS II on or after July 1, 2007), or Verizon Business Services III (VBSIII). New installations for circuits or services under VBS I and both versions of VBS II have been grandfathered and are no longer available to new or renewing customers. Rates for Pre-VBS are the same as VBS I, unless a more specific rate is set forth in the Grandfathered Services section of this tariff.
